

MYSTERY SURROUNDING KIDNAPING OF  
CHILD AT ALTON, ILL., GROWS DEEPER

Mr. Reagan, Former Newark Glass-  
blower, Makes Statement at  
Coshocton Today.

CONVINCED CHILD IS NOT HIS BOY

Believes Baby Whom He First Saw In Newark  
In 1903 Was a Substitute.

Mrs. Reagan, Now Ill at Alton, Anxious to Hear From Her  
Husband--Latter Wires Asking for Truth and Suggests  
Adoption of Baby If He Can be Located--Remarkable  
Developments in the Mysterious Case Involving  
Former Residents of Newark.

The mystery surrounding the kidnaping of the Reagan child grows deeper.

George Reagan, a former Newark glassblower, told the Advocate's correspondent at Coshocton Thursday that he is now convinced that the child is not his, but that of Goldie Yell.

Mr. Reagan explains this theory and gives good reasons for his suspicion.

Mr. Reagan first saw the child in Newark when it was five weeks old. He is much attached to the boy and has just telegraphed his wife urging her to tell the truth and if the boy is not theirs, suggests that they adopt him if he can be found.

Mrs. Reagan is ill at Alton. She flatly says that Goldie took the child.

Reagan when he first saw the woman, remarked that it resembled Goldie more than Mrs. Reagan, whereupon the latter became agitated, then angered.

A mysterious telegram for the Yell woman comes to Coshocton.

All efforts to find Miss Yell and the boy have so far failed.

Coshocton, O., Oct. 12.—George Reagan, the former Newark glass blower, made a startling assertion to the Advocate correspondent today when he declared in no uncertain terms that he believes the little child who was kidnaped at Alton, Ill., the other evening, is not his boy, but the son of Goldie Yell, the nurse.

Mr. Reagan said that he had been married seven years and that he had two children, both of whom died in infancy. In September, 1903, Mr. Reagan left Alton, Ill., to locate in Newark where he was for a time employed at the Edward H. Everett glass factory. He says that Mrs. Reagan remained in Alton and that she notified him of the birth of a boy on September 18, 1903. He never saw this child until five weeks later when Mrs. Reagan came on from Alton bringing the baby with her to Newark.

Mr. Reagan says that at that time he had never seen Goldie Yell and had only heard of her as a trained nurse who waited upon his wife during her illness in Alton.

Both Mr. and Mrs. Reagan were greatly attached to the baby as both were fond of children. Last April Miss Yell visited their home in Coshocton and Mr. Reagan said to the Advocate man today that when his eyes first rested upon the young woman he was struck with her resemblance to his boy.

"I was so impressed with the resemblance," said Mr. Reagan, "that I at once spoke of it to Mrs. Reagan. I remarked to her: 'Myrtle, George looks more like Goldie than you.'"

"My wife became much agitated, turned pale and then flew into a rage and upbraided me for even suggesting the resemblance. Miss Yell soon heard of my remark and noting that I had observed the resemblance between her and the baby, soon left Coshocton."

Mr. Reagan who is now firmly convinced that the baby is not his child,

Mrs. Reagan says the child was born in East St. Louis, where she was taken ill while changing cars when on her way to Greenville, Ill., to visit her sister. There is said to be no record of the birth in St. Clair county and Mrs. Reagan cannot recall the date.

Ransom. Mrs. Reagan still believes, was the motive for the alleged kidnaping. The grandmother of the child left \$200 to be placed at interest for him until he is sixteen years old.

MYSTERIOUS

Telegram That May Discover Child. Several Theories Are Advanced to Solve the Problem.

Coshocton, Oct. 12.—Two startling developments have come in the kidnaping case that is agitating the police of the country all the way from St. Louis to this city.

One is that Mrs. Reagan, mother of the little tot, states flatly that Goldie Yell stole the lad.

The other is that some Sherlock Holmes of the St. Louis police has formulated the theory that the child was stolen by order of the father, George Reagan of this city, formerly a glassblower at Newark.

This latter theory was wired from St. Louis, the message stating "it is believed here that Reagan might have had the nurse take the child from his wife and bring it to him."

The belief of Mrs. Reagan in Goldie Yell's complicity is told in this telegram received by the husband:

"St. Louis—Goldie came Friday night stole George last evening. Use your best judgment. Searched St. Louis today. Myrtle."

Around these two statements a net work of mystery and contradicting theories have been woven. The child is gone. Whether he will ever be found again or be swallowed up in mystery as little Charley Ross a quarter of a century ago, time alone will tell.

"If Goldie Yell has my boy" said the father in a slow measured tone, "so help me God, I'll get him if I have to travel the rest of my life, and she will get no more mercy than the law will allow."

Reagan is a powerful man and he meant every word he said.

There is another turn to the case that may unravel the crime and mystery that enfolds it. It is a mysterious telegram, the original of which is still in possession of the Coshocton Glove and Garment company, having come to them for the Yell woman when she was employed there last May. It is said that the cases were important and ought to be advanced, asking at the same time permission to print a brief in one case and submit all six on that, as the cases were practically identical so far as the law was concerned. The cases are expected to come up at the December term of the court. The same technical question is involved in all of the suits, namely, Judge Wing's contention that the treaty with China has expired and that there is therefore no exclusion act under which Chinese can be deported.

The litigation affects many Chinamen now in the United States, and is important in every court district; therefore it will be appealed it is said, to the supreme court of the United States.

It is stated that the representatives of the Chinese government in this country are keeping close watch on all Chinamen deported with the purpose of demanding indemnity in case the supreme court decision is favorable.

There has always been a peculiar affinity of the Yell woman for the child and there has been a strange fatality that threw her across the path of Mr. and Mrs. Reagan.

The latter were married seven years ago in Illinois, and had long been friends. They lost two babies and this, third, was born September 18, two years ago, while the mother was on her way to her sister's, Mr. Reagan had come to Newark, Ohio, to work in the Everett glass house, leaving leaving Mrs. Reagan at her home at Alton, where he owns a block of apartment houses, as well as other property. She became nervous staying there alone and took the train for East St. Louis, where she was to change trains and go to her sister's in the southern part of the state.

She became suddenly ill while in East St. Louis and there the babe was born. The struggle for life was a valiant one. The mother was attended by a nurse who was lucky enough to get hold of Goldie Yell. She had never seen or known her before.

Goldie Yell seemed to have a strange fascination for the babe and she was its devoted slave. The child is the image of its father and while it closely resembles its mother and has some unmistakable characteristics, yet he also looks not unlike Goldie Yell, a fact that has long been apparent.

When the Reagans came to Coshocton last year, they dwelt in the Edwin Lee home on Chestnut street and the remarkable beauty of the little lad made him many friends.

It was the latter part of April when Goldie Yell came to pay them a visit, warning that she would stay and help Mrs. Reagan about the house.

She had been here but a week when she said she wanted to earn some money and took a position at the glove factory. It was on May 6 that she received the telegram at the factory:

Wenonah, W. Va., May 6.  
Goldie Yell care Glove Co. Coshocton, Ohio—Send no more money nor

Cincinnati, O., Oct. 12.—A motion to advance the hearing on the cases of the six Chinamen who had been ordered deported from Cleveland under the Chinese exclusion act was granted by the United States circuit court of appeals in this city. Former Judge Wing, who presented the motion, simply said that the cases were important and ought to be advanced, asking at the same time permission to print a brief in one case and submit all six on that, as the cases were practically identical so far as the law was concerned. The cases are expected to come up at the December term of the court. The same technical question is involved in all of the suits, namely, Judge Wing's contention that the treaty with China has expired and that there is therefore no exclusion act under which Chinese can be deported.

LAWYER KILLS  
HIMSELF AT HOME

MATHEWS WAS TO HAVE BEEN  
TRIED FOR CONSPIRACY  
TODAY.

Well Known Attorney and Politician  
of New York Jumps From Second  
Story Window.

New York, Oct. 12.—Armitage Matthews, a well known lawyer and politician, committed suicide this morning by jumping from the second floor of his home to the pavement. Matthews was to have been tried for conspiracy today. Matthews was indicted in the case growing out of the wrecking of the Federal bank indirectly, and robbing of the Weissel estate by David Rothschild, president of the bank. Rothschild was a trustee of the estate and was bonded by the concern of which Matthews was attorney. There were several queer financial transactions and Attorney Wooten, associated with Matthews as counsel for Rothschild was indicted and convicted. Matthews was assistant to former district attorney Olcott, and was secretary of the Republican county committee.

New York, Oct. 12.—A ghastly and bloody murder was committed in a Third avenue boarding house this morning when an unknown man was killed and his body horribly dismembered. An attempt was made to conceal the identity of the dead man by throwing away his head in a vacant lot on Eighteenth street, some distance from the scene of the crime. One arrest has been made.

This morning George Lapole, who has a room on the second floor of No. 149 Third avenue, heard a succession of pistol shots. He thought they came from the room of Fred Bauer, a former employee of the Union Square hotel, who has a room on the same floor as Lapole. After the shots Lapole said he heard steps going through the hall to the sink. Several trips were made. Lapole says he made no effort to investigate the trouble and did not report the shooting to the police until

8 o'clock. The police went to the Third avenue house and went to Bauer's room, which presented the picture of a slaughter house. On the floor was a dress suit case into which was stuffed the arms and legs of a man. The floor was covered with blood and in a clothes hamper in the closet was the torso of a man. The head could not be found in the room. In the hamper was a bloody razor, with which the deed was probably committed. Shortly after the discovery laborers on an excavation reported to the police that the head of a man had been thrown upon a pile of dirt. The head was taken to the Third avenue house and found to fit the torso. Bauer was arrested, but denied all knowledge of the crime. He told the police that he knew nothing about it. Assistant District Attorney Garvin was informed of the murder and went to work on the case at once.

NEGRO IS LYNCHED

CLEW DEVELOPS TO  
CRIME 52 YEARS OLD

Moldy Bundle of Letters and Papers  
Found When Wall of Old Building  
in West Was Torn Down.

Oakland, Cal., Oct. 12.—What is believed to be a clew to a postoffice burglary that occurred 52 years ago in Alameda county, has just been discovered by workmen engaged in demolishing an old building in East Oakland. In 1853 the building was occupied by the Clinton postoffice and an express office. In December of that year burglars robbed both offices, taking several thousand dollars in gold slugs. The government mail sack was rifled and its contents disappeared. The thief was never apprehended nor was the mail recovered.

A moldy bundle of letters and papers was found when a wall of the old building was torn down. There was a draft for \$100 addressed to Francis Stead, from the New Orleans banking house of Horace Bean & Co. It is dated September 20, 1853, and was never paid. The draft was drawn on Jacob Little & Co., New York.

Other letters which are only in part decipherable, making inquiries about the California gold fields, were in the bundle.

GYPSY MOTH

Area Affected by the Pest is Extending  
and Effort is Being Made to  
Exterminate It.

Boston, Oct. 12.—The gypsy moth department of the state announced that the area affected by the gypsy moth increased from 250 square miles last year to 2,082 square miles this year. This is about one-fourth the land of the entire state, and the extension is viewed with apprehension by the department. Landholders throughout the infected district are advised to cooperate with the state in exterminating the pest.

FATHER SHOTS SON  
AND IS LOCKED UP

Chicago, Oct. 12.—Charles Swan, 44, a groceryman, was shot today three times by his son, a 17-year-old boy, who had chased him into the office of the Commercial hotel. The younger Swan is dangerously wounded and the father is locked up. A charge was filed against the father that he shot his son because he was poor and the son would have been a disgrace to him.

END THE AGONY  
OF THE DYING

CINCINNATI WOMAN WANTS TO  
HAVE DEATH MADE EASY  
FOR FATALLY INJURED.

The American Humane Association is  
Startled by the Proposition, and  
It Was Ruled Out.

Philadelphia, Oct. 12.—Miss Anne S. Zol of Cincinnati startled the American Humane association convention by proposing a resolution favoring legislation to the administration of anaesthetics to persons dying in agony. Miss Zol said there were often incidents in time of railway wrecks when trainmen and passengers were so badly injured that their lives could not possibly be saved. In such cases Miss Zol thought it ought to be permissible to administer anaesthetics to relieve their sufferings. She also favored the use of anaesthetics when persons were dying of incurable diseases in which they suffered agony. The resolution was ruled out.

In the discussion one woman said that she would not hesitate to shoot a person who might be dying in agony in a railroad accident, but she did not think laws should be passed conferring upon any one the right to determine when any person should be killed.

40 BRASS BANDS  
MASSSED IN PARADE

COLUMBUS, O., Oct. 12.—The parade of Knights Templars attending the convocation here passed the reviewing stand with 60 commanderies in line, accompanied by 40 brass bands. For the counter-march the 40 bands, with over 900 instruments, were massed and led procession back past the reviewing stand, all playing the hymn "Onward Christian Soldier." It was a most impressive spectacle and a musical feature that will long be remembered.

St. Luke's Commandery of Newark, led by Eminent Commander E. H. Franklin, and headed by the Buckeye Band of Newark, was conspicuous in the magnificent parade. Over 60 Newark plumed Knights were in the parade and many of St. Luke's members were accompanied to Columbus by their wives. In the evening they attended the ball at the Auditorium.

Columbus, Oct. 12.—The Grand Commandery, Knights Templar, today decided to meet next year at Toledo. F. L. Geddes was chosen new commander.

DETECTIVE WORK  
DONE BY WOMAN

DEVELOPMENTS IN THE AMERICAN NATIONAL BANK ROBBERY.

For Which Janitor Elijah Bowsher and Thomas Wilkins, Realty Man Were Indicted at Lima.

Lima, O., Oct. 12.—Developments in the American National bank robbery, for which former janitor Elijah Bowsher and Thomas Wilkins, real estate agent, were indicted by special grand jury, divulge the fact that the detective work in the case was done by the divorced wife of Wilkins, now a clerk in the office of Probate Judge Miller. Vice President Michael and Cashier Kall of the bank lived six years under the imputation that they were guilty of stealing \$18,233 from the bank. Mrs. Wilkins, hearing Prosecutor Klinger speak of Kall and Michael, said, "They are innocent." Klinger induced Mrs. Klinger to tell what she knew of the robbery, and was persuaded to arrange a meeting of Bowsher and Wilkins at her home. The court stenographer and a deputy sheriff were hidden in the room above and heard the story of the robbery discussed by the men as they were outwitted by Mrs. Wilkins. The statements were taken down in shorthand and given to the grand jury.

## LEG AND ARM PUT IN GRAVE

PATIENT PIERSON IMPROVING NICELY AT HOSPITAL IN ZANESVILLE.

Interment of Crushed Parts of Body Made at Dresden at Request of Young Man's Mother.

While Grover Pierson of Trinway, is improving at the Good Samaritan hospital in Zanesville, his left arm and also his left leg are resting beneath the surface of Mother Earth in the Pierson family lot in the Dresden cemetery. Several of Pierson's friends were at the burial. Bright hopes are now entertained for Pierson's recovery. But this victim of the railway accident on Tuesday will have the peculiar position of having a part of his body buried in a miniature coffin while he still lives.

It is said this burial of Pierson's arm and leg, which were amputated at the Good Samaritan hospital Tuesday by Dr. E. C. Brush, was upon request of the patient's mother. The elder Mrs. Pierson has been at the bedside of her son together with his wife, since the accident occurred.

Tuesday evening the amputated and lifeless leg and arm from Pierson's body were sent to Dresden. Here they were prepared for burial in the same manner as in a human body after death. Henry Schaumleffel, the Dresden undertaker, prepared the leg and arm for the burial, which occurred Wednesday.

Pierson, who fell from a cut of cars at Dresden Tuesday and was caught beneath the wheels, never lost consciousness. His left leg was amputated below the knee and his left arm below the elbow.

## AMUSEMENTS

### THE CLAY BAKER.

Go and see William V. Mong in "The Clay Baker" at the Auditorium, matinee or evening, Saturday, October 14, and see the greatest character actor of the present time. The Clay Baker is the dramatic sensation of the season and one of the prettiest plays of the day.

### ISLE OF SPICE.

One of the attractive features of the "Isle of Spice" which comes to the Auditorium, Monday, October 16, is the song "The Goo Goo Man," sung by the King and twelve young and pretty girls, stunningly costumed. This number is said to be one of the most sensational hits ever heard in musical comedy and it is claimed that the audiences in other cities have invariably demanded from twelve to fifteen encores, which is surely a record. Every one will probably be whistling "The Goo Goo Man" after it is heard here. See "The Girl in Brown."

### THE HONEYMOON.

"The Honeymoon," the most sparkling and delightful gem of comedy ever constructed, will be presented at the Auditorium on Tuesday, Oct. 17, by Miss Charlotte Burnett, the dainty comedienne and a carefully selected cast of well known and recognized artists.

In speaking of "The Honeymoon," the noted lawyer, John A. Chisolm, who is known as art connoisseur and critic, remarked when he saw "The Honeymoon" in New York: "It is the brightest, most amusing play staged here in many a day—but a honeymoon like that in these days would surely lead to a divorce court, and not eternal bliss."

Charlotte Burnett is particularly suited to play the distinguished heroine Juliana; she has the archness; the coquetry; the dancing eyes and saucy curls and the dainty form to portray the lighter scenes. She shows her high ability also as an emotional actress in the pathetic scenes, which she plays with simple sincerity and girlish loveliness that endears her at once to every individual in the audience. The scenery and costumes are gorgeous, neither money or effort being spared to make this the most beautiful production leaving New York. At Auditorium on Tuesday, October 17.

### THEATRICAL NOTES.

Mr. Clyde Fitch has, in his new comedy, "The Toast of the Town," produced by Viola Allen, succeeded in writing some exceptionally smart dialogue and clever situations, according to those who have witnessed the performances. The comedy is in four acts and the action takes place during the time of George Third of England. In the company is Isabel Irving who was herself a star last season, and Mr. James Young.

In the Clyde Fitch play, "His Grace de Grammont," in which Otis Skinner is starring this season, there is one of the most beautiful garden scenes ever shown on the stage. It is in this scene that Mr. Skinner transports the women of the audience by his rendition of a love song.

The comedy, "Mary, Mary, Quite Contrary," is the only piece in which Miss Henrietta Crossman will appear this season. She will give no performance of "As You Like It," deferring all Shakespearean delineations for two years.

The road tour of George Ade's "The College Widow," will begin after the Boston engagement, which is now closing, and which has been highly successful. The original company will be retained.

Many novelties are said to be incorporated in "29-05" the new musical fantasy by John Kendrick Bangs and Manuel Klein, which Henry W. Savage will produce at an early date. The story is a satire picturing the result of present day fads one thousand years hence. Christie McDonald and Clayton White will head the cast.

A plane much higher than that of the swash buckling melodramatic hero is now conceded to James K. Hackett since his appearance in New York in Alfred Suto's dramatic satire on high society entitled "The Walls of Jericho." John Corbin, critic of the New York Sun, and other leading reviewers accord him high place for his work. Mary Mannering appears with her husband, Mr. Hackett, in this production. The story of the piece depicts the rescue by a husband of strong character, of his wife from corrupt influences which evil customs existing in high society were exerting on her.

As always, Frank Daniels is creating a whirlwind of laughter this season with the smart things that are given him to say in "Sergeant Brue." Two of the especially clever lines he reels off are: "Time is the only thing that moves on without a policeman telling it to." "Why, the first time I saw her my heart beat so loud that the policeman on the next beat thought I was rapping for assistance."

Ada Rohan has retired from the stage for the season because of ill health. She will, therefore, not bring out George Bernard Shaw's "Captain Brashford's Conversion."

If you don't know what you want, try Mrs. Austin's Pancakes for a really good breakfast. 10-11-54

## WATER IN LAKE MUCH TOO LOW

YACHTSMEN COMPLAIN TO THE STATE BOARD THAT SAILING IS IMPOSSIBLE.

Wish Condition Remedied Before Winter Sets in So That Iceboats Can be Sailed.

Buckeye Lake yachtsmen have filed a vigorous protest with the state board of public works at the condition of Buckeye Lake at present. Just now the water is three feet below the normal level and practically down to where it was last fall when they had lowered it for the purpose of cutting off the stumps.

It has been at this stage for more than two months past and they have, for the most part, been unable to sail their craft in that time. The board members express ignorance of the cause of such a condition and have promised to investigate.

The yachtsmen are particularly anxious for a higher stage of water for the winter for the reason that the fleet of ice boats is being planned. It is expected that at least half a dozen of these boats will be equipped before the season opens.

There is only one such craft on the lake now. Another is being planned, and it is expected that the owners of at least four other sail boats will determine to make use of their sailing equipment this winter on an ice boat.

Several days ago representatives of the state board visited the lake and inspected the Kinkersville feeder with a view to making repairs so that more water will run into the lake.

## NEWARK PEOPLE

Are Cordially Invited to Hear Christian Science Lecture at Auditorium Friday Evening.

The First Church of Christ, Scientist, of this city, cordially invite the public to the Auditorium on Friday evening October 13, to hear a lecture on Christian Science by Rev. Arthur R. Vosburg of Rochester, N. Y. Admission free.

Rev. Ward Russell, pastor of the Christian church of Florence, Colorado said:

The honest man is not afraid to hear the truth. Only the moral coward, the stickler for party rather than liberty, flinches from the light of truth. The Master said, "Ye shall know the truth, and the truth shall make you free." I want to be free; I want the truth, and if the Christian Science people have a ray of light that has not come to me, I want it. I am living for time and eternity, and can't afford to live in blindness if some one can take the scales from my eyes. Let us give Christian Science a fair hearing. Let us learn what it is, and weigh it in the balance of revealed truth as laid down in the Holy Scriptures. If it comes up to the requirements of all the Word of God, let us accept it as worthy; but if it be found wanting, let us honorably and conscientiously reject it. Give everything a fair examination, not hasty, but careful, and do not condemn it because it is new, nor cling to it because it is old.

### NOTHING SUCCEEDS LIKE SUCCESS.

The Wiles-Erman Co. Tells of the Remarkable Success of Pepsikola Tablets in Relieving Indigestion.

After selling all kinds of remedies for dyspepsia and indigestion we can truthfully say that we never knew anything to give such universal satisfaction as Pepsikola Tablets. They not only aid digestion but they act as a grand nerve tonic as well. Many Newark people who have not enjoyed a good meal for years now say that after using one or two 25 cent boxes of these little tablets they feel as if they could eat a horse and digest it too.

The Wiles-Erman Drug Co. has been recommending this grand dyspepsia remedy for nearly two years now, and from actual experience knows there is no other remedy so sure to relieve sour stomach, bad taste in the mouth, coated tongue, palpitation, sleeplessness, wind belching, and other distressing symptoms of indigestion. And Pepsikola Tablets must cure you or there is nothing to pay. They will renew your energy, steady your nerves, regulate the action of your heart, improve your appetite, put new life in your stomach, and will do more to tone up and improve your general health than anything you ever heard of.

Washington, Oct. 12.—Secretary Shaw states that the reasons for ordering the release of the fishing tug Valiant, captured in Canadian waters by U. S. Customs Collector Leach, are that "Leach acted on a mistaken interpretation of the instructions. He evidently thought I expected him to make seizures for poaching when I intended he should make seizures after poaching and after the catch had been landed without entry. We cannot punish for poaching, but we can punish for smuggling."

## KIDNAPING CASE

messages Start Monday night.

O. A. HINEMAN.

"Not a day passed," said Mr. Reagan, "that she did not receive either a long distance telephone call or a telegram from some place in Wisconsin. It was just as regular as meals, but she never told us what it was about and we never asked her. She is a little woman, about 24 or 25 years of age and we gathered from what she wrote in one of her letters that she had once been married, but that her husband had died. That is about all we knew of her."

"When I first got news of the kidnaping, I did not know that Goldie was in that part of the country, but I remarked at the time that if she were in that part of the country I'd bet my hat she knew where the baby was. I have always been a bit suspicious of her, but had no cause. This talk about me trying to get the child is bushwa. I get letters regularly from my wife and no man and wife are happier or more congenial than are we."

He showed the reporter the last letter from his wife, written October 4 and it was the epitome of a model wife. "Little George is getting too cute for words," she wrote. "He climbed up on my knee today and said just as plainly as could be 'Mamma I love you.'"

The letter teems with little items that show perfect confidence and trust between husband and wife.

Mr. Reagan is undecided what to do. He has wired again for news from the police authorities of St. Louis and Alton. His wife is in St. Louis but he says he doesn't know what he could do when he got there, if the babe is not there.

"I don't think Goldie Yell or my boy are there," he said fiercely.

"They have doubtless gone to East St. Louis, and that is the best place in the world to get away from to any point of the compass."

Why the woman should take the child he does not know, except that she has always clung to it. His mind is full of misgivings and he is distracted.

## HELD FOR THEFT

Passengers on Fast Train Are Searched Before Being Allowed to Leave the Cars.

Chicago, Oct. 12.—Passengers on an 18-hour train from New York were searched before being allowed to alight, and one of them, J. J. Croake, was arrested charged with robbery. By the arrest he says his life's romance was shattered. Croake was on his way to visit relatives in Chicago, he said, and expected to go back to Newark, N. J., Nov. 1, to be wedded to a young woman, whose name he refused to disclose. The victim of the robbery was Samuel M. Hamm, a national bank examiner. His gold watch and his purse, containing \$153, were found in Croake's suit case. The prisoner protested his innocence and declared that the plunder was placed in his valise by some one else. A number of persons of prominence had their clothing and baggage searched by detectives. Croake is a circus performer. He has been touring Europe, and just returned.

### No Anglo-Russ Accord.

St. Petersburg, Oct. 12.—Though the press is industriously canvassing for and against the prospects of an Anglo-Russian accord in diplomatic circles here no action is expected for several months, at least so far as the negotiations at St. Petersburg are concerned. The British ambassador, Sir Charles Hardinge, leaves here next week on a three months' vacation and he would hardly do this were important negotiations in prospect.

### Greeks Under Arrest.

Roseburg, Ore., Oct. 12.—In a fight between Greek laborers and the superintendent of a railroad gang, near here, the wife of the superintendent and two Greeks were killed. All the 80 Greeks were arrested. The jail not being large enough to hold them they are being guarded by troops in a vacant warehouse.

### Alfonso Going to Germany.

Madrid, Oct. 12.—Palace authorities were ordered to prepare for the departure of King Alfonso to Germany Nov. 3. The king will remain in Berlin from Nov. 6 to Nov. 12, attending elaborate festivities, a military review and a hunt.

### Washington Editor Out.

Washington, Oct. 12.—Scott C. Bone, for many years managing editor of the Washington Post, resigned to take effect immediately.

### SUICIDE'S DIARY.

He Described in Detail Former Futile Attempts to Shuffle Off.

Kansas City, Mo., Oct. 12.—Judge A. G. Brandner, 60, committed suicide at his home here by inhaling illuminating gas. He grieved over the death of his wife. Brandner attempted three different times recently to kill himself at the grave of his wife at Onaga, Kan., by taking morphine. Brandner kept a diary of his Onaga attempts, recording the hour of the day at which he swallowed each grain of morphine and noting the effect of the drug. Brandner spent his early life in Montana, and often asserted that he was the first judge regularly chosen in that state.

## DAY NURSERY TO BE STARTED

TAG DAY NEXT SATURDAY WILL PROVIDE FUNDS FOR THIS PURPOSE.

Worthy Experiment to be Tried by the King's Daughters—People are Asked to Contribute.

The annual Tag Day of The King's Daughters will be given Saturday, October 14, under the auspices of the Mary Webb Memorial Circle of The King's Daughters. The contributions to this worthy cause are free-will offerings—each one to give what he thinks he can give freely. The fund this year will be used in a new and worthy cause, and the circle wishes every citizen of Newark to co-operate and help the enterprise along. The work of The King's Daughters is to help others to help themselves and with this aim in view, it has been decided to start a Day Nursery for the benefit of the poor but worthy citizens of the city. Many people in the city are ready and willing to work for their living, but are retarded in their work by their small children, too young perhaps to leave alone, and, by the nature of the work, are unable to care for them while at work. The circle has found several rooms, suitable for the purpose and a worthy woman who will take charge of the rooms. A member of the circle will be at the rooms each day and those who desire may leave their children in the care of these women, well assured that they will receive the best of care. The rooms will be pleasantly fitted up and will be a delight to these children who often are left alone for days, while the parents work for a living. A dinner will be served each day to the children by the circle. No charge will be made to those who are unable to pay—and to those who wish to pay, only what they feel able to give. This is certainly a worthy experiment—and it rests with the citizens of Newark to make it more than an experiment—an assured success. The Mary Webb Circle of The King's Daughters solicit your financial aid and encouragement Saturday, October 14.

## TO THE PEOPLE OF NEWARK

The report has been circulated that The Newark Water Company does not desire to sell its plant to the city.

This report is false. On behalf of The Newark Water Company I have endeavored for the last two years to obtain a sale to the city through an appraisal.

The city officials claim if the appraisal is too high the city may nevertheless be compelled by the company to take the property.

The Water Company has and still does agree to waive any such right if such right does exist.

If the city will undertake the appraisal and no agreement be reached The Water Company will agree.

1st. That the hydrant rental contract will be extended at the option of the city as long as is necessary to complete a municipal plant.

2nd. The city will be secured against any liability either to take the property or to pay any costs, attorney fees or expenses on account of any litigation arising out of the appraisal or sale.

The Water company only asks a fair business-like investigation of its property. An appraisal will enable everybody to know what the plant is, Taylor's Horse Radish Cream, 30-121

## RESOLUTION

Be it resolved by the City Council of the City of Newark, Ohio, that the application of the Newark, Martinsburgh, and Mt. Vernon Traction Company, a corporation of the State of Ohio, for a grant and permission to construct, maintain and operate a street railroad in the City of Newark on the route hereinafter described, be received and placed on file, and be it

Resolved, that there is hereby established a street railroad route in said City of Newark, Ohio, over, along and upon the following streets, viz: Beginning at the intersection of Church street with Front street; thence west on Church street to First street; thence south on First street to East Main street; thence west on East Main street to Second street, thence south of Second street to Franklin street; thence east on Franklin street to First street; thence north on First street to East Main street, upon which route there may be maintained and operated a single or double track street railway with the necessary switches, turnouts, curves, loops, Y's, poles, wires and all other necessary fixtures and apparatus and to be operated by electricity, or other mo-

tive power except steam, and to be furnished and equipped as a first class street railroad, as may be more particularly provided for in an ordinance making the grant to the successful bidder thereof, and

Be it Resolved, that a grant for the operation of such street railroad over the route herein established shall be for a period of twenty-five years, and

Be it Resolved, that a grant for the above period over said route shall be made to the individual, or company, which shall agree to carry passengers over said route and from and all points thereon for the lowest rates of fare, and

Be it Resolved, that the Clerk of this Council be and he is hereby instructed and directed to give notice by publication of the said application of the said The Newark, Martinsburgh and Mt. Vernon Traction Company as required by law and in said notice to invite bids for the construction, maintenance and operation of a street railroad over said route in accordance with the terms and conditions of this resolution.

Approved by the Mayor October 5, 1905. 10-5-12-19

## A RESOLUTION

Granting to the Central Union Telephone Company, its successors and assigns, the right to construct and maintain in and under the streets, alleys and public places of the City of Newark, Licking county, Ohio, underground pipes, conduits, cables, laterals man-holes, wires, fixtures and appurtenances for the maintenance of its telephone lines.

Be it resolved by the Council of the City of Newark, State of Ohio:

That, the right be and is hereby given and granted to the Central Union Telephone Company, its successors and assigns, to construct and maintain, under, through and in the streets, alleys and public places of said city, underground pipes, conduits, cables, laterals, manholes, wires, fixtures and appurtenances, for the maintenance of its telephone lines and apparatus, and furnishing telephone service to the citizens of said city, and the public generally.

That said underground work for the telephone apparatus and fixtures of said Company, shall be had and done under the direction of the Board of Public Service of said City; it being understood, that all streets, alleys and public places shall immediately be restored to their former condition and that the said Central Union Telephone company, its successors and assigns, shall not disturb or tear up any pavement, without first obtaining a permit from said Board of Public Service so to do, and said work shall be done under their supervision.

That, said City of Newark, shall have, for its own exclusive use, one (1) duct in each of said conduits, within which duct may be placed said city's fire alarm and police alarm wires, but no high tension wires shall be placed in any of said conduits by said City of Newark. It being understood that the right to use said one duct in each of said conduits shall become complete as fast as any part of the work, in furtherance of constructing said underground system progresses.

That, upon completion of said underground work, the pavement shall be restored to its former condition; and wherever any poles, in lieu of the existence of said underground work and construction shall have been done, can practically be done away with, that the same shall be removed from said street or streets.

That, the traveling route to be followed by the underground work mentioned in this resolution, shall be as follows:

From the alley east of Second street, through and under the alley between Church street and Main street to Second street, in said City of Newark.

From Second street through and under North Park Place to Third street.

From Third street through and under the alley between Church and Main streets to Fourth street, more particularly appearing upon a blue print, or drawing hereto attached, which drawing is hereby made a part of this resolution and marked "Exhibit A."

That, said Central Union Telephone Company shall save said City of Newark, free and harmless from any loss or damages occasioned or in consequence of the construction and maintenance of said underground and conduit system.

That upon the completion of said underground and conduit system, said Telephone Company shall, within a reasonable time, take down and remove from the travelling routes to be taken by said underground system, all telephone poles, except such as may be necessary for purposes of distribution; provided, however, that said Company shall not be required to move any poles jointly occupied with other firms, persons or corporations, without first obtaining the consent of such firm, person or corporation.

That, this resolution shall take effect and be in force from and after the earliest period allowed by law, and upon filing by said Company of any unconditional written acceptance thereof in office of the City Clerk.

Passed August 21, 1905.

HARRY ROSSELL, President.

FRANK T. MAURATH, Clerk.

Cotton as It Grows.  
Mr. L. A. Weiss of the firm of Weiss & Phelan, has just returned from a visit to his cotton plantation near Lexington, North Carolina, and has brought some full sized cotton stalks with him and placed them in his store window in the Tucker block on East Main street where any one interested can see them. Some of the cotton bolls on these stalks are open ready to pick, while some have not opened yet, but all will be open in a week or two.

Sale of Property.  
Mr. J. H. Miller had a large sale of personal property at the late residence of Mr. Jacob Miller, nine miles northeast of Newark, in Mary Ann township, on Wednesday. The sale was largely attended and all the personal property, consisting of live stock, machinery and implements, grain and household goods, was sold. Squire John Wilson of Perry township, has rented the home place and the old Miller homestead will now pass temporarily at least, into the hands of strangers.

Whatsoever Circle.  
For the past two years the Whatsoever Circle of The King's Daughters have had charge of Tax Day and used it as a means of securing money for winter's work. While this method has been a success financially, it did not prove satisfactory to either the public or the circle in charge. Numerous

criticisms were made and very just ones. After fully considering all of these things and wishing to do what is for the best good of the order to which it belongs, the Whatsoever Circle at the last regular meeting, held on Oct. 5, decided not to arrange for or participate in Tax Day this year.

Snelling Hold-Up.  
After a week's investigation the police department was given a quiet tip Wednesday that it was useless to look for the two colored men and the white man who were alleged to have held up and robbed Clarence Snelling. A relative of Mr. Snelling quietly dropped the tip to Officer George McClure.

Beech Island Club.  
A large number of the members of the Beech Island Club and their friends held their last outing of the season at Beech Island, Buckeye Lake, on Thursday. The members of the club went to Buckeye Lake on special cars at 9 o'clock Thursday morning, from which point they were conveyed by special boat to the island. A fine lunch was served at 1 o'clock and a sumptuous dinner at 1 o'clock. Various special diversions and amusements were participated in and a big time was had. It was the most enjoyable outing ever held by the club.

Both of the young people are well known and possess many friends, who will wish them a long and happy journey upon the sea of matrimony. The groom is a farmer and is a sterling young man. They will make their home at Pleasant Valley.

MOCK-STEWART.  
Mr. Edward Mock, a popular street car conductor on the Newark city lines, and Miss Elizabeth Stewart, an estimable young lady of this city, were united in marriage Wednesday evening. The ceremony took place at the home of the bride's brother, 82 Columbia street, and was performed by the Rev. C. L. Sparks pastor of the First M. E. church in the presence of about twenty of the friends of the contracting parties.

WABLE-MILLER.  
At the M. E. parsonage, 12 Cedar street, Wednesday evening, at 5 o'clock, the Rev. Mr. Locke united in marriage Mr. Frederick Wable of Coshocton, a well known insurance agent and Miss Flo Miller of this city, the charming daughter of Mrs. Harvey Miller. They were accompanied by Miss Alta Smoots of Utica, cousin of the bride, and Mr. Clay Wable of Coshocton, brother of the groom. Mr. and Mrs. Wable left on the evening train for the east, where they will visit friends for a few days and upon their return they will reside at 272 Hudson avenue. Mr. and Mrs. Wable have the best wishes of all their friends for a life of happiness and prosperity.

On Tuesday evening the B. Y. P. U. of the Baptist church gave their first social of the year in the parlors of the church. Remarks of welcome were appropriately made by Dr. Baldwin and Mr. Jesse Stenger, after which a general good social time was enjoyed. Punch was served during the evening.

WEDDINGS.

KIMBLE-SHERMAN.

A marriage license was issued at Newport, Ky., to Mr. Alva Kimble, of Newark, and Miss Fannie Sherman of Johnstown. Mr. Kimble is well known here, having been employed by William Zentmyer, the ice man. The ages of the young couple are given as 25 and 26, respectively.

HILL-JOHNSON.

The marriage of Miss Jennie E. Johnson of Muskingum township and J. Edgar Hill of Pleasant Valley, was solemnized at the home of the bride Wednesday evening at 8 o'clock by Rev. B. Shoemaker of Dresden. After the wedding, a supper was served to the immediate friends and relatives of the contracting parties.

Both of the young people are well known and possess many friends, who will wish them a long and happy journey upon the sea of matrimony. The groom is a farmer and is a sterling young man. They will make their home at Pleasant Valley.

MOCK-STEWART.

Mr. Edward Mock, a popular street car conductor on the Newark city lines, and Miss Elizabeth Stewart, an estimable young lady of this city, were united in marriage Wednesday evening. The ceremony took place at the home of the bride's brother, 82 Columbia street, and was performed by the Rev. C. L. Sparks pastor of the First M. E. church in the presence of about twenty of the friends of the contracting parties.

WABLE-MILLER.

At the M. E. parsonage, 12 Cedar street, Wednesday evening, at 5 o'clock, the Rev. Mr. Locke united in marriage Mr. Frederick Wable of Coshocton, a well known insurance agent and Miss Flo Miller of this city, the charming daughter of Mrs. Harvey Miller. They were accompanied by Miss Alta Smoots of Utica, cousin of the bride, and Mr. Clay Wable of Coshocton, brother of the groom. Mr. and Mrs. Wable left on the evening train for the east, where they will visit friends for a few days and upon their return they will reside at 272 Hudson avenue. Mr. and Mrs. Wable have the best wishes of all their friends for a life of happiness and prosperity.

On Tuesday evening the B. Y. P. U. of the Baptist church gave their first social of the year in the parlors of the church. Remarks of welcome were appropriately made by Dr. Baldwin and Mr. Jesse Stenger, after which a general good social time was enjoyed. Punch was served during the evening.

**Will Dr. McGeely Answer?**

Dr. McGeely, the Republican candidate for Mayor, still fails to define his position on the local issue that has been sprung by his party organ. But the people want to know how he stands upon the issue. The question is does the doctor favor the enforcement of the laws and city ordinances against intoxication? Will Dr. McGeely answer?

**Pattison Is Trustworthy.**

One of the most bitter opponents of John M. Pattison in Hamilton—a man who knows him well but who is opposed to him on principle—when cornered by the Hamilton Sun said that he believed in Pattison's sincerity. "Mr. Pattison is a man of honor," said he, "and if he tells you anything you may depend upon it. He is not a hypocrite."  
And that is the keynote to the success of John M. Pattison as a gubernatorial candidate. Not in many years has Ohio been swept by such a storm of Democratic enthusiasm as that which prevails today. Not in a decade has there been such a prospect of success ahead of the Democracy. And the personality of Mr. Pattison, the Democratic candidate, is largely responsible for this.  
He is frank and sincere and honest and trustworthy. The people believe in him and are willing to trust him. They know that he will not play the part of the hypocrite and that he will not say "Yes" and mean "No."  
The people have tired of such men as Governor Herrick, who are serving a machine—a boss-ridden structure, and not the state. They are tired of the jelly-fish. They want a Man.  
And in this hour of need John M. Pattison has loomed up and has been hailed with glad acclaim.  
The Democrats are for him. There

is but little Democratic disaffection. The Independent Republicans are for him and it is their votes that will elect him.  
Decency and right and honor and sincerity are on the Democratic side this year.  
And Decency, like Truth, will prevail.  
Rev. Henry Miller, son of the late Jacob Miller of Mary Ann township, one of Licking county's most prominent residents, is now located at Ada, Hardin county, where he has been attending college for some years. Mr. Miller is the Democratic candidate for Representative from Hardin county, and he says the prospects are very bright there, as all over the state, for a sweeping Democratic victory. Mr. Miller says that the indications are that a very large proportion of the Republicans of Hardin county—some place it as high as one-half of the Republican vote—will be given for Pattison as against bossism and graft.  
It has not been alleged that Rockefeller money was tainted by being taken from the policy holder's widow.  
Is it not really a great compliment to the Democratic party that the peculiar species of grafters who operate as the high financiers of frenzied life insurance regard Democratic success as inimical to their interests?  
The Philadelphia Record gives an unsolved problem: Did the Republican party in New York corrupt the life insurance companies, or did the life insurance companies corrupt the Republican party?  
Governor Herrick declares that when he was elected two years ago it was his intention to serve but one term, but when the people objected to his renomination he vowed that he would again be a candidate if he went into the convention with but one delegate, for he wanted to submit himself to the people. And yet he does not appear willing to submit to the people who have been aroused in opposition as they have not been aroused in this state in years.

**ROLAND LODGE TEAM**

Leaves Thursday Afternoon for Cambridge to Confer Knight Rank in Full Amplified Form.

The celebrated Senate and team of Roland lodge No. 305, Knights of Pythias of this city, left Thursday afternoon at 3 o'clock for Cambridge, to confer the Knight rank in full amplified form at the district convention being held there. This is a merited recognition of the ability and fame of the team in being selected from among the many excellent teams in this Pythian district. The team is made up as follows: King, F. T. Hirst; scribe, F. A. Schwock; chancellor commander, P. L. Pratt; V. C., Henry Pfeiffer; prelate, George Christian; headman, J. I. Smith; M. at A., J. P. Pfeiffer; Pythagoras, L. E. Flursutch; monitor, Geo. W. Lippincott; executioners, Josh Eshelman, J. B. Courtney; M. of W., A. B. Courtney; assistant, F. W. Montgomery; senators, James Crisswell, Henry Pfeiffer, I. N. Wilson, Harry Rosgel, George Christian, L. E. Flursutch, Geo. W. Lippincott, A. S. Stephan, Harry Scott, R. W. Lytle.  
**Cheated Death.**  
Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says: "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety. I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." Hall, the druggist, guarantees them at 50c.

**DECISION OF CIRCUIT COURT**

IN LINGAFELTER CASES MAY BE GIVEN ON FRIDAY AT MT. VERNON.

Defendants Both in Court When the Cases Were Argued by the Lawyers on Wednesday.

Mt. Vernon, Oct. 12.—The cases of the State of Ohio vs. Robert C. Lingafelter and James F. Lingafelter of Newark, were heard in the circuit court of Knox county yesterday. Both the defendants were in court with their attorneys, Smythe & Smythe of Newark, and F. V. Owen of this city. The state was represented by Prosecuting Attorney James R. Fitzgibbon of Licking county, and Prosecuting Attorney L. C. Stillwell of Knox county. The attorneys for the Lingafelters attempted to show misconduct of the prosecuting attorney when the cases were tried in the Court of Common Pleas before Judge Coynor. No decision in these cases to be handed down by the court until Friday, and owing to the great volume of testimony in these cases the decision may not be given for several days.

**Registration hours from 8 a. m. to 1 p. m. and from 4 to 9 p. m.**

**Proposes a Fishing Zone.**

Erie, Pa., Oct. 12.—Instructions from Secretary of the Treasury Shaw at Washington to the collector of the port here expressed the opinion that both the United States and Canada would recognize a fishing zone along the boundary line in midlake that would allow for the drifting of nets. Secretary Shaw refused to sustain the action of Collector of Customs Leach of Cleveland in seizing the fish net of the Booth company when the captain of the boat protested that he was only pulling the nets he set on the American side and drifted across the line.

**Arrest It—\$50 Reward.**

**COLD WAVE HAS STRUCK NEWARK**

STRAW HATS GAVE WAY AND BIG OVERCOATS ARE SEEN ON THE STREETS.

Weather Up to Oct. 11 All That Could Have Been Asked and Farmers Profited by It.  
There was a general skirmish Wednesday noon in many Newark homes when the cold wave struck the city and many a wardrobe was raided and the last year's overcoat was rescued from its resting place and was compelled to again do service after months of idleness. It was cold, really cold. The thermometer dropped to below 38-degrees and this means colds weather when one is caught down street with his summer clothing on.  
Even the small light topcoats were shed and the long ulster or heavy overcoat was donned to protect the Newark people from the chilly blasts. Those who attended the football game were best able to judge just how cold the weather got. The wind blew down the field chilling the enthusiastic football crowd to the core. Players who went to the field, protected only by a sweater suffered and many even left the field to seek the warmer atmosphere of indoors.  
Yes, there was a light snow fall, but "you couldn't hardly notice it at all." Hunters in the vicinity of Zanesville report that there was a slight flurry of snow near that place but then Zanesville hunters and fishermen are likely to see most anything when out on a hunting trip. Reports from Columbus state that snow fell in that vicinity but as yet no one has gotten out his cutter and there have been no races on the Hudson avenue snow path in Newark.  
Another indisputable proof that the weather was really cold Wednesday and Thursday was the appearance of the familiar pile of coal in front of the various office buildings where gas has not yet been installed.  
The renovating shops in the city are now flooded with last winter's garments. Every one wants his overcoat or jacket rushed through ahead of every one's else. The gas inspector has made his rounds to see that everything is in good shape for the winter. It's a safe bet that a man who would appear on the street wearing a straw hat would be in immediate danger of being roughly handled.  
Still, no one is ready to say that the weather has been superb and especially fine for the farmers. A year ago as early as September the farmers were compelled to feed grain and fodder to their stock on account of the poor pasture. The hot and dry weather practically burned the pastures until they were unfit for use. The pastures this year were good and the late warm rains not only helped in this way but permitted the corn to ripen and in no way interfered with the late vegetation. The favorable weather up to October 11 has put dollars in many Licking county farmers' pockets.

**HUMPHREY'S HURT**

Charge of Monopoly May be Overruled in Beef Trust Indictments at Chicago.

Chicago, Oct. 12.—An important ruling was made by Judge Humphrey in the prosecution of the packers. After arguments on demurrers to the indictments were finished Judge Humphrey remarked: "As it now looks to the court, the odd number of counts are sufficient and the even-numbered counts insufficient. The argument has been so clear that is my present impression, but there may be a change in my mind before I give my decision. I will faithfully read the authorities cited by either side in this case. When I am ready to render my decision I will notify the district attorney and the attorneys for the defendants. The odd-numbered indictments, which may be considered sufficient by the court charge conspiracy among the defendants in restraint of trade. The even-numbered counts charge a monopoly."  
The first count in the indictment is not to be considered in the decision of Judge Humphrey, as to this count the packers are to plead not guilty and go to trial immediately.

**Rockhill Consured.**

Victoria, B. C., Oct. 12.—Advises by the Empress of Japan included a Manila dispatch to the Japanese Adviser of Yokohama which states that General Corbin severely censured United States Minister Rockhill at Peking, charging him with dereliction of social duty in the provisions made for the reception and entertainment of the president's daughter and party at Peking. The Adviser says: "Excellent mismanagement of the reception and direct discourtesy on the part of the minister are charges freely made. The returning party say the marked scantiness of attention paid them was sufficient to elicit surprise from the various legation staffs of the other Peking embassies."  
At Quito, the only city in the world on the line of the equator, the sun sets and rises at 6 o'clock the year around.

**Banker Wept When Sentenced.**

Fargo, N. D., Oct. 12.—J. A. Erickson, ex-president of the defunct Second National bank of Minot, on a plea of guilty was sentenced to five years in the pen for making false returns to the controller of currency. High living and inexperience caused this downfall. Erickson wept when sentence was pronounced.  
**Found Dead.**  
Caldwell, O., Oct. 12.—Harvey McBride of McConnelville was found dead near here. The cause of death is not known.  
The wife of Pedro Alvarado, the Mexican multi-millionaire, is to rest under a monument of silver.  
There are said to be 10,000 millionaires in the world the present time half of whom are in America.

**LUMBER MEN ON RAILWAY RATES**

ARGUED THAT THE COMMISSION SHOULD BE GIVEN MORE POWER.

Ramsey Fails Completely in His Effort to Wrest Control of Wabash From Gould.  
Washington, Oct. 12.—President Roosevelt received further endorsement of his attitude toward the enactment of railroad rate legislation from the big lumber interests of the country. Lewis Dillan, president, and Robert W. Higzie, a member of the national wholesale lumber dealers' association, and George S. Gardiner and Silas Gardiner, representing the central yellow pine association of Mississippi, told the president their associations approved heartily of his course in rate legislation. They argued that interstate commerce commission ought to be given more power to deal with discriminatory railroad rates. The president told his callers he hoped the legislation they demanded might be enacted at the approaching session of congress.  
**Ramsey Defeated.**  
Toledo, O., Oct. 12.—Joseph Ramsey, Jr., failed completely in his effort to wrest control of the Wabash system from George J. Gould. Not only was he utterly defeated in all he undertook, but he was forced from the directory of the road and now has nothing whatever to do with its management in any manner. He put up a hard fight and struggled gamely to the last, but was so hopelessly in the minority that he never had a chance.

**COLOR QUESTION**

In Courts of Kansas—Building for Colored School Children in Course of Construction.

Color Question In Court.  
Topeka, Kan., Oct. 12.—The state supreme court issued a writ of alternative mandamus against the board of education of Kansas City, Kan., returnable Nov. 7, requiring that board to show cause why colored pupils are not allowed to attend school at the same hours and in the same building as the white pupils. The action is taken on the petition of a colored pupil, who declares that she and other pupils of her race are required to attend school in the afternoon, while white pupils have the forenoon. The Kansas legislature passed a bill providing for separate high school buildings. The building for the colored children is in course of construction, and the school board set apart half of each day at the white school for the use of the negroes.

**Injunction Against Miners.**

Chattanooga, Tenn., Oct. 12.—Judge C. D. Clark of the United States district court granted a permanent injunction against the United Mine Workers of America and individual members of the order. The injunction was asked early in September by the Tennessee Consolidated Coal company following the murder of miners at Tracey City, where the men are on strike. Several companies of the state national guard on duty at Tracey City will probably be released.

**Diamond Case Dropped.**

Red Oak, Ia., Oct. 12.—The case of Thomas Dennison of Omaha, who was indicted for complicity in the robbery of \$75,000 worth of diamonds from N. Pollock, a New York diamond salesman, on a train, was dismissed. Dennison's case was to have come up for a second trial in December, the first trial having resulted in a disagreement. The case has attracted wide attention, having been heard once in the United States supreme court.

**Failed to Agree.**

Chicago, Oct. 12.—Secret conferences between Judge C. C. Kohlsaat of the United States circuit court and lawyers interested in the litigation over the Western Life Indemnity, in an effort to bring about an amicable adjustment of the difficulty, were unsuccessful. It was finally decided that the case will be taken up in open court before Judge Kohlsaat Monday.

**Banker Wept When Sentenced.**

Fargo, N. D., Oct. 12.—J. A. Erickson, ex-president of the defunct Second National bank of Minot, on a plea of guilty was sentenced to five years in the pen for making false returns to the controller of currency. High living and inexperience caused this downfall. Erickson wept when sentence was pronounced.

## THIRD EXPLOSION VICTIM DIES

Only Son of Mr. and Mrs. Frank Headley Follows Charles Smith and Lyman Chapin to the Grave—Wife of Chapin in a Serious Condition Doctors Being Afraid That She Will Not Recover.

Frederick Headley, aged 23, the last of the three victims of the terrible mine explosion near Gratiot on Monday, shortly before noon died Wednesday at the family home. His suffering was intense and throughout Tuesday night death had been expected. This was the only relief possible.

With this death of young Headley the three men injured in the explosion are now dead as the result. Charles Smith, the most severely injured of the three, died about 3 o'clock on Monday afternoon, never regaining consciousness. Lyman Chapin, aged 33, who leaves a widow and three children, died of his wounds early Tuesday morning.

Young Headley was standing in the doorway of the mine shanty when the explosion of the two and a half kegs of blasting powder occurred. He was thrown from the doorway and it was thought for some time that he would recover. But the powder burns were

too severe and complications caused death.

Frederick Headley was the only son of Mr. and Mrs. Frank Headley of near Mt. Sterling. He was a young man of excellent character and with a bright future. He was well known among a host of young friends in the community in which he lived.

The funeral on Thursday left the Headley home on Coopermill road at 12 o'clock for Springfield chapel, where services were held by Rev. Mr. Dussman of Roseville, at 2 o'clock, sun time. Interment in Springfield chapel cemetery.

The condition of Mrs. Chapin, wife of Lyman Chapin, who died as the second victim of the mine explosion on Tuesday morning is serious. The attending physician is doubtful of her recovery.

Funeral services over Chapin's body were held at the home near Gratiot Wednesday morning at 10 o'clock. The funeral of Charles Smith, the first victim, was held Wednesday afternoon at 2 o'clock.

was served by Mrs. Wyly, assisted by Mr. J. C. Malone, Mrs. T. A. Jones, Mrs. Edward Wyly, Miss Margaret Watkins and a number of other ladies. An especially enjoyable feature of the evening was the presentation by the old soldiers to Comrade Wyly of a beautiful flag, 9x15 feet.

Those present were Comrades William Hankinson, T. A. Jones, John Griffin, J. C. Malone, Theodore F. Wright, Joseph Jackson, V. Wood, Thomas Evans, Isaac DeBow, Hiram Partridge, David Davis, Wm. H. Barlick, John McClain, Capt. Scott, Dr. C. J. Baldwin and A. S. Carman of Granville; W. A. Irvine, L. H. Insko, Edward Carlisle, M. O. Nash, Fredrick King, Ball, Cassell and Dorsey of Newark and Captain Sinner of Olmsted, Kansas. The affair was one of the most enjoyable held here for a long time and will be remembered with pleasure by all who were in attendance.

Dr. Gladden to Speak.  
On October 17, 1855, the congregation of the Presbyterian church of this place observed the semi-centennial of their organization. The meeting was adjourned for 50 years from that date. Next Tuesday will witness the completion of that period. On the evening of that day there will be a meeting of the congregation in accordance with the adjournment of 50 years ago, to which all residents of Granville are invited. Dr. Washington Gladden of Columbus, will deliver an address on that occasion.

## ADDISON L. RAWLINGS

4 North Park Place, Newark, O.

In a fast football game at Y. M. C. A. athletic field Wednesday afternoon the Newark High school eleven re-venge themselves for the bitter defeat at Coshocton two weeks ago by defeating the eleven representing the High school at that place. Wednesday's score being 11 to 0. The game was fast from start to finish and though Newark fumbled miserably during the first half, they were able to go through the visitors' line for substantial gains whenever they so wished.

The day was ideal for the sport. The cold wave which struck Ohio was very opportune and the players were forced to keep in action in order to keep warm. The field was in fairly good condition and the crowd was fair sized. What it lacked in numbers it made up in enthusiasm as things were going Newark's way.

Newark won the toss and chose to defend the west goal. At the kickoff Coshocton returned the ball from their 20 yard line for a gain of eighteen yards. The first pass of the ball resulted in a fumble for the Newark bunch and they succeeded in holding Coshocton for downs.

Conley and Beecher, Prior and Lippincott of the Newark team all made wonderful gains through the line and on end runs. Left Tackle Hartshorn, one of last year's men, was also a good ground gainer and was dependable in tackling the Coshocton boys who tried to make long runs.

Right Half Conley made the first touchdown after a series of line bucks and end runs after six minutes of play. During this time, Newark fumbled the ball a half dozen times, but regained it by holding their opponents for downs. Time was called at the end of the first half with the ball in Newark's territory, but at no time during the game was Coshocton dangerously near the scoring point.

Again in the second half Newark kicked off to the visitors and the ball was returned but a short distance before its bearer was downed. Coshocton was unable to make the necessary gains against Newark and surrendered.

Michigan 23, Ohio Northern 0.  
Ann Arbor, Oct. 12—Playing on a slippery field and in the face of a driving rain, Ohio Northern university held Michigan down to the lowest score an Ohio team has made in years, 23 to 0. The cost of the victory was a disabement of West, Northern's right guard, who was carried from the field with his shoulder dislocated.

McKown, who played left field and short stop for the Newark team during the opening games of the baseball season just closed, played fullback on Ohio Northern's eleven. He figured in several important plays and was called upon for a place kick, but it was blocked before Mack had a chance to boot the ball.

Bright's Disease Cured

By Thompson's Barosma. No Return of the Disease after Six Years.

I had been troubled with Kidney and Liver complaint for several years. I had suffered with a dull, heavy pain across the back. I had gradually become all run down. A great deal of the time my stomach was filled with gas and I was growing very nervous and was constantly suffering with headache. Finally I discovered a white, cloudy sediment in my urine which frightened me, for I knew then I had Bright's Disease. I began taking Thompson's Barosma, Kidney and Liver Cure at once and three bottles seemed to cure me, but to insure a permanent cure I took three bottles more. Although this was six years ago, I have had no bad symptoms since and have been perfectly free from pain—back, kidneys, stomach, bowels, etc. I am now as strong as ever. State players, more professionalism as defined by the Big Six conference rules, would be found there than in any school in Ohio.

May Protest Shipp. Graduate Manager Davis of Ohio State, spent part of the day at Granville yesterday discussing officials and eligibility of the players on the Denison team. He reached home last night without any definite agreement regarding the players who have been protested. Barney Shipp, it is now said, is also about to be protested if evidence that he received pay for coaching a baseball team last spring after he left school can be proved.

The Ohio State athletic board will take some action and adopt a course in regard to carrying out the protest. The formal protest, it is understood, will be sent in today by Professor Thomas, of the eligibility committee.

The game with Denison will be played Saturday. The definite announcement has been made. The State management cannot afford to begin a policy of canceling games on a matter of eligibility. A mass meeting of students is down for Friday afternoon in chapel to organize a rooting club and put the cheering on a systematic basis Saturday afternoon.

RAIN CHECKS.

Third Game Between the Champs Was Delayed One Day.

Philadelphia, Oct. 12.—Rain prevented the third game of the series between the Philadelphia Americana league and New York National league champions. The teams will play here today and in New York Friday and Saturday.

Boston, Oct. 12.—The local American league team won the third game of the series with the local Nationals, 5 to 1. Threatening weather kept the crowd down to 2,292. The series now stands two to one in favor of the American league team. Batteries: Harris and Armbruster; Wilhelm and Needham.

St. Louis, Oct. 12.—The local Nationals won the third game of the inter-league series, 9 to 1, giving them two games to one. Attendance, 900. Batteries: Taylor and Grady; Sudhoff, Pelty and Spencer.

Chicago, Oct. 12.—The first game here of the post-season series for the local championship between the two Chicago major league teams went to the Nationals by the score of 5 to 4. Owing to cold weather less than 5,000 persons were in attendance. Batteries: Nationals, Lundgren and Kling; Americans, Owen and Sullivan.

FOOTBALL REFORM

Walter Camp, Yale's General Athletic Adviser, Makes Statement on the Subject at New Haven.

New Haven, Conn., Oct. 12.—Walter Camp, Yale's general athletic adviser, gave out a statement in respect to the conference of the representatives of Yale, Harvard and Princeton with President Roosevelt, for the purpose of considering reforms in the game of football. The statement follows: "At a meeting with the president of the United States, it was agreed that we consider an honorable obligation exists to carry out in letter and in spirit the rules of the game of football relating to roughness, holding and foul play, and the active coaches of our universities being present with us, pledged themselves to so regard it and to do their utmost to carry out that obligation." The statement was signed by representatives of the colleges.

More C. S. U. Hot Air.

With reference to Denison and the question of the eligibility of some of their football men, together with Ohio State's connection with the matter, President Mills of the O. S. U. athletic board said last night: "The position that State occupies in this matter is identical with that in which any other 'Big Six' institution would be placed in case of a game with Denison. As State is the first Big Six team to be met by the Granville aggregation this year, the situation is more trying for us. It is a duty State owes to other conference colleges and a matter of equity with reference to the Ohio conference organization.

"What will be the outcome I am not as yet prepared to say, but the matter will be thoroughly investigated. Men known to be ineligible will not play against State Saturday, and that there are such on the Denison team I have no doubt.

"Should State cut off negotiations with that institution the ban would be placed upon them by other conference colleges. This would be a matter of much import to Denison.

"It is not a matter of weeding out a team so that State can win, but a matter of attaching force to the rules now in vogue."

FIGHT FOR CLEAN SPORTS STARTED

Walter Camp and Eastern Foot Ball Men Confer With President Roosevelt--President Thompson of Ohio State Talks to the Students--Mills and Davis of O. S. U. Talk on the Subject--Denison's Stand in Squabble.

"If I had anything directly to do with the subject of brutality and professionalism in college athletics, the man who adopts dirty tactics or is being paid for playing would be immediately expelled from the institution," said President Thompson in conversation Wednesday at the State university Columbus. The subject of his talk was "College Ethics," but the main point was athletics. He said in part:

"The movement against professionalism and dirty playing was begun over 10 years ago, but we are still harping on this same strain and not much headway has been made. President Roosevelt should be complimented on the activity he has shown and his lead should be followed by others so that the whole matter may be subjected to rigid rules.

"College athletics to be clean must have clean people in them. The indirect method of paying students to participate in college sports is disreputable; this pertains to the alumni as well as to a college and its students. The wonder is that the thousands of people can witness unnecessarily rough playing and slugging, which the officials did not see, and not protest against it.

"There is too much indifference in the matter for the duty of an honest man is to stand for honesty and square dealing. All the universities and colleges ought to be outspoken on the eligibility of their men as no man should be on a team who is not there honestly and earnestly."

Tonight Course in Electricity Will Be Regular Work--Saturday Entertainment.

Tonight the course in practical electricity will begin regular work. The text books have come and can be used in the class tonight. All who think of taking the course should register at once.

Next Saturday evening Mr. R. S. Campbell entertainer and impersonator from Bellaire, Ohio, will give the first of the "Members' Popular Saturday Night Entertainments." This is to be a regular Saturday evening feature. Every member is expected to bring one gentleman friend. The early part of the evening will be given as usual to the gymnasium class, bowling and bathing. Then at 9 o'clock all will gather in the reception rooms for an hour of music, song and mirth.

In connection with these Saturday nights' special invitations will be issued each week to some one shop.

This week Saturday evening will be "Pratt-Kirk Co. night." All employees of this firm have been given special invitations to share the hospitality of the association for that evening.

An attractive program is planned for next Sunday afternoon. At the 2:30 social song, Prof. Murdock, the blind musician, will give a short musical, instrumental and vocal. The address at the 3 o'clock meeting in Taylor Hall will be given by Rev. J. N. Eason, the new pastor of the M. E. church in Granville.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Hairbrush.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newark's Hairbrush is especially because it attacks and kills the parasitic germ which feeds on the hair roots.

A LASTING EFFECT.

This Evidence Should Prove Every Claim Made for Doan's Kidney Pills in Newark.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer; but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it:

C. E. Walton, barber, at 54 S. 2d St., and living at 129 Valandigham St., Newark, O. says: "I have used Doan's Kidney Pills for kidney complaint and backache with great benefit and take pleasure in adding my endorsement to the testimony already offered in favor of that remedy. I suffered from kidney complaint for a number of years. It was caused, I think, by the nature of my work. Being on my feet all the time my back became weak and a dull heavy pain came which increased in severity until it seemed almost continual. I ached just as bad at night as during the day. After trying a number of remedies without finding relief I got Doan's Kidney Pills at Clayton's drug store. They cured me. The cure has been lasting and I can conscientiously recommend Doan's Kidney Pills to all sufferers from kidney troubles."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

## UNITED AFTER LONG SEPARATION

MRS. CHAS. SANDS OF HEBRON, IS  
AT LAST FOUND BY HER  
MOTHER.

Dozen Years Ago Child Was Placed in  
Children's Home, Later Removed  
and Her Name Changed.

Hebron, O., Oct. 12.—Mrs. Charles Sands and her mother have just been reunited after a separation of twelve years. When Mrs. Sands, formerly Anna Miller, was eight years old the family was living in Columbus, where her father died. At the same time her mother was seriously ill and was taken to a hospital. Little Anna was placed in the children's home and in a short time was taken by a family by the name of Woods, living at Johnstown, who changed her name to Gertrude Miller. She was under the impression that her mother had died and for the last twelve years never knew a mother's love. But in the meantime her mother was searching everywhere, and had spent hundreds of dollars and by the merest chance, during State Fair week, she got a clue that her daughter was still living.

After the mother recovered from her illness she was not in condition to care for her daughter, so thought to leave her at the home, until she could get a position which would enable her to educate her child. After a few years she went west where she married a man named Greenwood. Then they began to search for their daughter, coming to Columbus where they heard a girl by the name of Gertrude Miller lived at Johnstown, and she had been taken from the home when quite young. On going to Johnstown they found it was the long-lost daughter, and who had only a few months previously married Mr. Charles Sands of Hebron and were now located in this village.

Mr. Greenwood immediately came to Hebron bearing a letter from the mother to the daughter. The next day Mr. Greenwood and Mrs. Sands started for Chicago Junction where the former resides, and in due time mother and daughter were soon locked in each other's arms—a happy reunion to both. Mrs. Sands has returned home and seems delighted at finding her mother.

BUT CAPTAIN KELSEY HAD A  
TOOTHACHE AND WAS NOT  
ASLEEP.

Columbus Gas Company Buys a Lot.  
A Surprise Party—Jubilee Singers—Hebron News Items.

Hebron, O., Oct. 12.—An attempt was made to burglarize the residence of Mrs. I. E. Kelsey on Main street. However, the Captain who "fortunately" was keeping company on that night with a very distressing toothache, had just previously come down stairs and while sitting quietly in the room, was alarmed at a bold attempt to break the lock on the east side door. In his excitement in getting his revolver he upset a stand and the racket was too much for the burglar, who disappeared.

The C. W. B. M. of church of Christ will meet with Miss Hurt on Main street Friday at 2:30 p. m.

The many friends of Earl Sands are pleased to see him out again after being confined to his room several days owing to an injury received while at work at the power house.

A surprise was tendered Stanley Nisley at his home on Mound street, Wednesday evening, it being the evening preceding his 20th birthday anniversary, which made the surprise more complete. Stanley attended prayer meetings on that evening at the Church of Christ, and after services, escorted his friend to her home. In the meantime a crowd of about 40 from the church repaired to the Nisley home and were ready for him when he came shortly after, with his lady friend, who had asked for the loan of a look and desired it so much for the next day. So they came over after it and on Stanley entering the door he was surrounded by a crowd that made him speechless for a time. However, he soon rallied and devoted himself
